

TW: Manipulation, suicide/self-harm, trauma dumping, incest, and mentions of grooming, pedophilia, NSFW content, stalking, animal abuse, and harrassment

I want to address something that I've been hiding for so long. And yes, that was back when I used to be known as Angel Sentoki. Some people, mainly those from the exe community (more so those from the SOH Recoded server and Luigikid's server) may have known about this already, but I think it's about time I should let everyone else know so they won't have to deal with what I've been through.

Back in 2023, I was manipulated into a relationship with someone who's a minor. That someone is TurboTH, Turbo the Hedgehog, Nikola Pikula, whatever you call him. He's currently 18, but he was 17 when that happened. Not only that, I was 26 around that time; currently, I'm 27.

This first happened when Turbo started developing feelings for me. Let alone, he start having a crush on me the month after we first met each other in person, which is back at January 2023. That is where not only I commented on his WIP in Luigikid's server, but also, at the week before my birthday, the drama happened between Turbo and SGH (Sonic's Gaming Hub) there.

Turbo first revealed to me that he had a crush on me 4 days after Valentine's Day. Here's how it all happened.

Brother-Sisterly Love

Before that, Turbo treated me like a sister after we became close to each other from talking and discussing stuff for his Sonic exe horror fangame, Metal Sonic Apparition. He hasn't done anything wrong to me, nor did anything to make me feel uncomfortable so far. It was just a brother-sister type of relationship we had together, and despite him being annoying at times, he seemed pretty chill to me when we first met. He also said this when he claims to not be my BF and that he's a brother who cares for me.

TurboTH_Official 02/14/2023 10:12 AM
Honestly I love you sis fr

O)

Angel Sentoki 02/14/2023 10:48 AM

Not really

TurboTH_Official 02/14/2023 10:49 AM

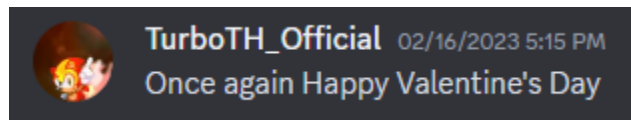

Oh

After that, this is where things changed for the worst.

The Start of our Love Relationship

At that time, he doesn't know that I was 26 years old, nor have I yet to tell him that. I know it was on me for not discussing to us about our ages sooner, but dear god, it was at this moment where things get fucked up from there. For months, I played along with the love relationship thing just to make him happy, knowing that if I refused his demands on loving him, I might hurt him. I could have given myself the option to say no, but at that time, I didn't have the courage to even say it.

He even claims that I am good with love (even if he was “joking” about that) and that I am ready for him. For the most part, he has been making me blush and/or kiss him whenever he asks me to and/or tries to kiss me first, along with other weird stuff we did, which made me feel absolutely grossed out looking back at them and made me think “What the fuck was I even thinking about accepting and doing all this?!” (The parts I censored are teasers for his game, which is now already implemented since the 2.0 public release. For context, the one here is Metal in Scrap Brain Act 3)

Sayo 02/16/2023 5:15 PM

You will love it
One day
There was a girl called Sentoki. (edited)
She had collage.
But she was a lot hard working.
So one day, she wished to have a wings.
but she couldn't.
So then she decided to take a walk.
And somehow she met Turbo, they both were besties.
Then Turbo told her advice, and she needed his help.
So Turbo and Sentoki went to his house and he told her what to do.
Then she went to take a nap
And next morning
Guess what happened?

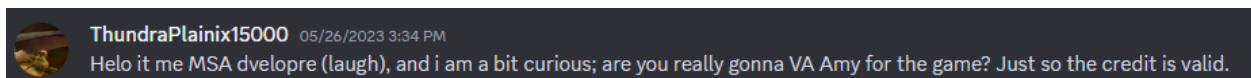

Angel Sentoki 02/18/2023 2:07 AM
What?

And since that day, we kept our relationship a secret as he told me to. Ever since I've been following along with it, I've been quiet about it to anyone else I know since because 1. Turbo's been controversial for who knows how long, and despite his flaws, I really don't want to make myself a target because of my association with him, and 2. I was also in fear of not only hurting Turbo if it gets revealed to everyone else but each other, but also of getting in trouble of being in a relationship with a 17 year old as a 26 year old.

That is why I blocked his brother, Thunder aka ThunderPhoenix5000 the moment after he sent me the only message I got from him, thinking that he'll snoop in and expose it. (I unblocked Thunder since after I cut ties with Turbo, and at February, I apologized to him about it)

As a result, Turbo and I only discuss to each other privately on Discord. Of course, we didn't have much time with each other all day because of our time zones, since he lives in Serbia and I live in the U.S. But since then, he spends my afternoon time and my late time on being in love with me.

As of now, this is the evidence I got to prove that he was manipulating me to accept his love towards me, making me feel like I was doing it, even right when he still calls me his sis. (For context to the WIP parts I censored, the first one here the link to his WIP, which is now deleted, and the second one is the prison for Sonic, seen in one of his alternate deaths since the 2.0 public build)

Sweetie.

You deserve a cute name.

hugs ya

after all

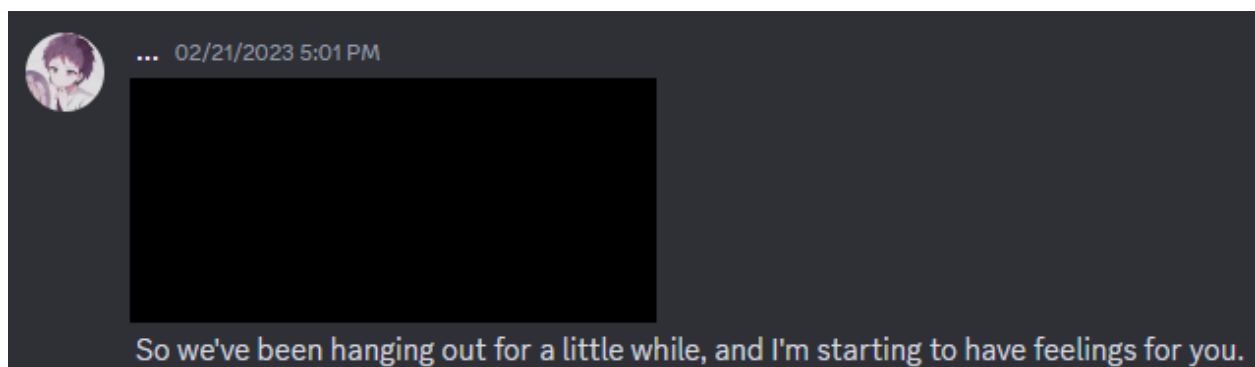

I love ya forever

I know it's a lot of screencaps for this, but I'm sure you get the point. After that, this is where he "develops" himself, from being a brother to me to a BF for me.

From Brother to BF

A few days since we hung out, he started to have feelings for me, making me feel speechless about it. Idk what I was thinking with accepting them, even if they weren't true, but I know that is where I'm feeling uncomfortable, deep down. I'm still at the state where I couldn't get myself to refuse, fearing that I might hurt him if I do so.

So we've been hanging out for a little while, and I'm starting to have feelings for you.

Angel Sentoki 02/21/2023 5:03 PM

Oh?

TurboTH_Official 02/21/2023 5:03 PM

Very big feeling.

Don't be mad.

I just love you.

Angel Sentoki 02/21/2023 5:04 PM

I'm not mad, I just had no words to say about that

TurboTH_Official 02/21/2023 5:04 PM

oh

sorry

@Angel Sentoki I'm not mad, I just had no words to say about that

TurboTH_Official 02/21/2023 5:05 PM

Because of the cute song?

You deserved it

Angel Sentoki 02/21/2023 5:05 PM

That, and you starting to have feelings for me

TurboTH_Official 02/21/2023 5:05 PM

I of course worry for you

I am sorry if that offended you.

Angel Sentoki 02/21/2023 5:06 PM

Don't worry, it didn't

TurboTH_Official 02/21/2023 5:06 PM

you are my sister.

kisses ya at lips,

Good night sister

The rest afterwards, I can't even describe as it'll take like too many screencaps and too much of the conversations to scroll through for you all to read, but I assume you'll get what I mean by that.

Few days later, we told each other our ages when we talked about Turbo not wanting to have any sexual attraction with people. But even after all this, he still continues to feel lovely with me, despite being a minor himself. (Note, the pic that Turbo labeled as "SPOILER", it's a screencap of an ERP conversation with Sonic's Gaming Hub and Liya Foxy that's all blurred)

For those who want the screencap, here's the link to it. But be warned, it's 18+ stuff

And that day is where he starts calling himself my BF while still claiming to be a sibling. Like, which is it? Does he want to be my BF or my brother? Because there's clearly no way he can do both, otherwise, that'll be incest. (Tbh, I was not aware that it was incest at that time until the more I looked back through our conversations)

TurboTH_Official 02/27/2023 1:06 AM
Am I your BF, still a sibling.

okay
kisses at cheek

He even went so far as to ask me if his OC can marry mine for RP purposes, when literally, his “OC” is a recolor clone of Sonic, and my OC is a darkness demon with a human-like appearance.

There's also times where Turbo and I had “dates” and Turbo gave me “gifts”, but I'll not be showing them that much, because not only the dates are in very long conversations, but looking back at them makes me feel grossed out and want to scream on the inside.

The end of our relationship, or is it?

After months of us being in a “relationship”, I decided to come out to Turbo and say that I'm wasn't sure about us being together.

TurboTH_Official 10/02/2023 3:05 PM

Here am I

Angel Sentoki 10/02/2023 3:05 PM

Hello

TurboTH_Official 10/02/2023 3:05 PM

Do you have a work today, my babe?

Angel Sentoki 10/02/2023 3:05 PM

Yes

TurboTH_Official 10/02/2023 3:05 PM

TurboTH_Official 10/02/2023 3:07 PM

I am just curious
?

Angel Sentoki 10/02/2023 3:08 PM

TurboTH_Official 10/02/2023 3:08 PM

In love relationship

You never said we are breaking up

We had no argument.

We should be fine

Angel Sentoki 10/02/2023 3:09 PM

I know, but I'm just not so sure if I'm the right person for you. Cause I don't feel like it

TurboTH_Official 10/02/2023 3:09 PM

Oh Sen

You are my right person.

You are to me my right person

My butterfly

My Love

Want me to specify more?

Why are you thinking something opposite?

Of course you are right person for me.

hugs ya

You are my butterfly

Golden Butterfly, you say.

Trust me

You never did anything wrong

Angel Sentoki 10/02/2023 3:11 PM

TurboTH_Official 10/02/2023 3:11 PM

Just please understand me what I did tell you
You are my right butterfly

Okay?

 @Angel Sentoki I know, but I'm just not so sure if I'm the right person for you. Cause I don't feel like it

TurboTH_Official 10/02/2023 3:15 PM

you are the right person

Very much sure
I'll leave ya alone.
Just hit me up if you want to tell me something
I don't think anything bad about you, just understand.
blushes
Come on

Come on

Let's move on from what we experienced, let's think about positive things.

About our future.

I feel it between us

I already am your knight.

You just give me a hand

But I'll catch ya tomorrow

Please be safe.

TurboTH_Official 10/03/2023 3:16 PM

Oh hey, I was at counseling center.
Are you busy?

Angel Sentoki 10/03/2023 3:16 PM

Yes

TurboTH_Official 10/03/2023 3:16 PM

Oh

I just wanted to talk with you.

But I'm afraid to not disturb you.

So can we talk?

Me and you

Just about us

Please

This is what my advisor asked me.

hugs ya

I understand how are you feeling right now

But

I am sorry if I caused you the pain

Angel Sentoki 10/03/2023 3:22 PM

Please, just leave me alone

TurboTH_Official 10/03/2023 3:22 PM

I'm sorry

goes away

Let's talk tomorrow?

TurboTH_Official 10/03/2023 4:05 PM

Are you okay now, I am just worried

Angel Sentoki 10/03/2023 4:08 PM

Yea, I am fine

TurboTH_Official 10/03/2023 4:09 PM

Am I disturbing you?

I just wanted to talk with you

If that's fine to you

Are you having a work btw?

I mean today

Angel Sentoki 10/03/2023 4:10 PM

I'm off today

TurboTH_Official 10/03/2023 4:10 PM

Oh

I understand

So can we talk?

Angel Sentoki 10/03/2023 4:11 PM

About what?

TurboTH_Official 10/03/2023 4:11 PM

About us.

Just me and you, only.

Angel Sentoki 10/03/2023 4:11 PM

Idk, I feel uncomfortable about that

TurboTH_Official 10/03/2023 4:11 PM

Calm down, I am here

I am your comforting space.

cuddles ya

I gaved you so much better gifts that made you comfortable

You can trust me

I talked to my advisor regarding few of things.

Angel Sentoki 10/03/2023 4:13 PM

I know, but...

TurboTH_Official 10/03/2023 4:14 PM

What's wrong?

I am open to listen

Angel Sentoki 10/03/2023 4:14 PM

I'll be honest. I can't keep pretending anymore. Pretending to be in love with you

TurboTH_Official 10/03/2023 4:15 PM

Why?

What happened?

You were not pretending

Did something caused you to feel like that?

I am listening

Angel Sentoki 10/03/2023 4:16 PM

Tbh, I never had any feelings towards you to begin with. I only see us as nothing more than just friends

I pretended just to make you happy

TurboTH_Official 10/03/2023 4:16 PM

Calm down

pats ya

I sometimes may have tough day

You didn't do anything wrong

You encouraged me to be happy

I just want us to be back for better

Since All is done

We can finally forget what has happened

and continue on present

I don't force you, but I want you to understand

Angel Sentoki 10/03/2023 4:18 PM

I know, but I just don't think this love thing is going to work anymore.

I've been keep telling you that we're never made for each other, but you never listen

TurboTH_Official 10/03/2023 4:19 PM

You are trying to say that I should be guilty, for not caring for you?
I am not mad.

Angel Sentoki 10/03/2023 4:19 PM

No, nobody's guilty at all

TurboTH_Official 10/03/2023 4:19 PM

So just refusing to listen you

Angel Sentoki 10/03/2023 4:20 PM

Me telling you that we're never made for each other, that is the truth. While you may have feelings for me, I don't have my feelings back

TurboTH_Official 10/03/2023 4:20 PM

Oh..
Look I..
Can I explain?

Angel Sentoki 10/03/2023 4:21 PM

About what?

TurboTH_Official 10/03/2023 4:21 PM

About that what you said
If you want an explanation
I don't force you to get it
I'm just asking you if I can explain simply
by the words
not by the actions
Words tell

Angel Sentoki 10/03/2023 4:22 PM

Actions speak louder than words

TurboTH_Official 10/03/2023 4:22 PM

That is correct

so, permission to explain?

Angel Sentoki 10/03/2023 4:23 PM

Idk if I want to hear it

TurboTH_Official 10/03/2023 4:23 PM

I am not your evil BF who does bad things

I just want to talk

So

Angel Sentoki 10/03/2023 4:24 PM

I know, I just want to understand the truth I've been trying to tell you

TurboTH_Official 10/03/2023 4:24 PM

I know

Listen

If there's a chance for us to work through this or if there's anything specific that's causing you to feel this way, I'd be open to discussing it.

But you know

I've been thinking a lot about what you said, and I want you to know that I respect your feelings. I care about you deeply, and I want to understand what led you to this conclusion.

If there's anything specific that I've done or if there's something else on your mind, I'd like to hear it.

Your well-being is important to me, and I'm here to listen and talk whenever you're ready.

gives ya a hand

Your feelings matter to me deeply. I'm here for you, and I want you to feel comfortable. We'll get through this together.

I'll always cherish the memories we both shared.

Your happiness and comfort are my priorities, and I'll do whatever it takes to ensure you feel at ease.

I hope you understand me

Angel Sentoki 10/03/2023 4:29 PM

I do

TurboTH_Official 10/03/2023 4:29 PM

I believe in the possibility of our love, but I also understand if that's not something you feel.

Let's talk openly about what we both need and want, and find the best way forward, whether that's together or separately.

waits for a hand

Angel Sentoki 10/03/2023 4:30 PM

I actually prefer if we do that, just as friends

TurboTH_Official 10/03/2023 4:31 PM

So you want to we stop our love?

Angel Sentoki 10/03/2023 4:31 PM

Yea, definitely the best for the safety of us

TurboTH_Official 10/03/2023 4:32 PM

Didn't we kept it private?

I promised it to you.

Angel Sentoki 10/03/2023 4:32 PM

Yea, except one person knows, and I have to block him because of it

TurboTH_Official 10/03/2023 4:32 PM

Wait who?

Who was it?

Angel Sentoki 10/03/2023 4:33 PM

Remember Sonic.EXE VoD Team Account?

TurboTH_Official 10/03/2023 4:33 PM

Uhh yeah?

It is getting deleted by someone

What about it

I may not remember things, be aware... due to faint situation.

Angel Sentoki 10/03/2023 4:33 PM

The person running it knows, and that is one of the reasons why I no longer trust him anymore

TurboTH_Official 10/03/2023 4:34 PM

I know who it is.

I know everything

As I was too late to tell you.

Because on September 26th

I fainted

I was taken to the hospital

My family called the ambulance

And they took me

to the hospital

So Sentoki my babe

I know the true culprit who knows.

I was diving for the answers

In order to protect you, and even my peep.

And guess who was it?

Angel Sentoki 10/03/2023 4:36 PM

Who?

TurboTH_Official 10/03/2023 4:36 PM

Well let's try to think.

Did Thunder came to your DMs?

And you told me that he gaved you anxiety.

Angel Sentoki 10/03/2023 4:36 PM

Only one time before I blocked him

TurboTH_Official 10/03/2023 4:36 PM

That's right.

It was Thunder.

He leaked to someone else.

Which we are not currently aware.

But no matter

Thunder got banned from server by Crystal is Here due to stalking.

"Crystal is Here" the Admin of my server, banned Thunder.

Thanks to Indiemakers Team

They exposed true culpits somewhere on GC

But now

As Thunder got banned

He was too shy to admit what he did to you

and decided to leak that

to someone

Angel Sentoki 10/03/2023 4:38 PM
And this is why I just wanted to end it all

TurboTH_Official 10/03/2023 4:39 PM
Wait
Did they went after you?

@Angel Sentoki And this is why I just wanted to end it all

TurboTH_Official 10/03/2023 4:39 PM
Because of Thunder?

Angel Sentoki 10/03/2023 4:39 PM
No, but I rather not let myself become a target. The more we keep doing this love thing, the more of a chance it'll happen

TurboTH_Official 10/03/2023 4:39 PM
Calm down sweetheart.
I know you want to we breakup
But Thunder is already down
Lygia got RetroPixel exposed
and with that being said
If he does anything
You can let me know.
I am your knight, your pricne
prince
You even consider me as your prince

Angel Sentoki 10/03/2023 4:40 PM
It's all just pretend

TurboTH_Official 10/03/2023 4:41 PM
Let's stop pretending the love, Thunder is down
You won't be in trouble
I won't let that happen
We'll be safe.

Angel Sentoki 10/03/2023 4:41 PM

I know, but it's too much of a risk. You, a minor, have feelings for a 26 year old like me. I know you'll become 18 in a few months, but I'm not taking that chance

TurboTH_Official 10/03/2023 4:42 PM

But we promised we won't do any sexual thing

Hhh..

Whatever you say

Siblings, perhaps?

Angel Sentoki 10/03/2023 4:42 PM

Better for that

TurboTH_Official 10/03/2023 4:43 PM

Just know that we love each other as brother and sister.

Always know that Thunder is in Indiemakers Team Assasain List, organized by EngiYuiil.

Yuilia will track down those who gets in our way.

hugs ya

Are you feeling better now, my sis?

It was good being together.

I still respect you.

As day today

You are my best sis.

Angel Sentoki 10/03/2023 4:44 PM

Think so, yea

TurboTH_Official 10/03/2023 4:45 PM

I assume you miss us being siblings.

Angel Sentoki 10/03/2023 4:46 PM

I prefer that. Besides, I have to delete all the messages I have from NitroGenerationZ and Sonic.EXE VoD Team Account, due to the fact that I no longer trust the person running those accounts

TurboTH_Official 10/03/2023 4:46 PM

Woaah woah

Slow down my sis

NitroGenerationZ is different person.

He helped me out

As he was able to get proof from ThatOnePeep.

 @Angel Sentoki I prefer that. Besides, I have to delete all the messages I have from NitroGenerationZ and Sonic.EXE VoD Team Account, due to the fact that I

TurboTH_Official 10/03/2023 4:47 PM

Did Thunder or his pawns do anything to you?

Angel Sentoki 10/03/2023 4:47 PM

Don't care, I don't trust him anymore after all that's happened (edited)

 TurboTH_Official Did Thunder or his pawns do anything to you?

TurboTH_Official 10/03/2023 4:47 PM

Well?

Sis?

Angel Sentoki 10/03/2023 4:48 PM

No, but I rather not want him to take the chance if he does

TurboTH_Official 10/03/2023 4:49 PM

Aah

You want to not let him do anything to us.

Angel Sentoki 10/03/2023 4:49 PM

Yea, I'm just scared of becoming a target

TurboTH_Official 10/03/2023 4:50 PM

You won't be target

Indiemakers Team have zilion of proofs on Thunder.

But seriously

Disagreement of ThatOnePeep's RP Joke Status that Thunder even really cared from his friend was flagged to be a magnificent error.

On the contraru

If he does anything to us

That's not going to work
My drama is already over
Thunder takes fuel to the fire
as he is becoming main nemesis to Starshine Sparkle
No matter what I am going to say but..
As your sweetheart, or your brother, whatever you prefer.
I am not letting this slide.

Angel Sentoki 10/03/2023 4:52 PM

Please, I just don't want to hear anymore about this. I just want to have a peaceful life, that's all

TurboTH_Official 10/03/2023 4:52 PM

Yeah

I'm sorry

Let's enjoy in our peaceful life, shall we?

hugs ya

I would also love to have a peaceful life.

If that's okay.

Angel Sentoki 10/03/2023 4:53 PM

Yea

TurboTH_Official 10/03/2023 4:53 PM

Alright :3

hugs ya

Angel Sentoki 10/03/2023 4:54 PM

hugs back

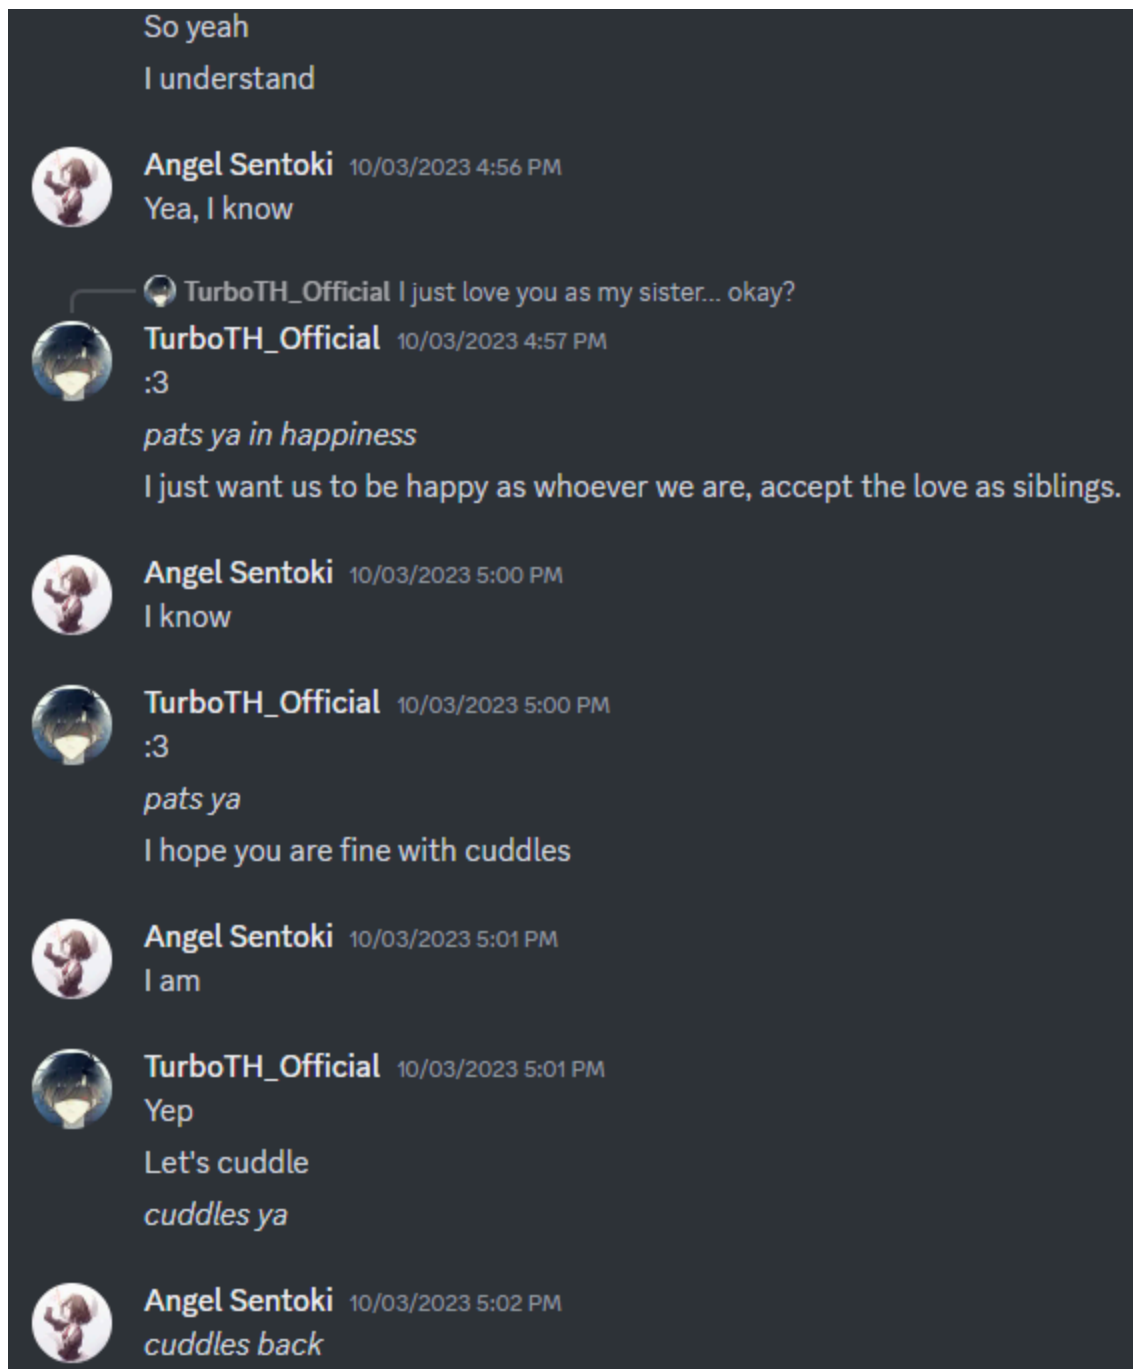

TurboTH_Official 10/03/2023 4:55 PM

I just love you as my sister... okay?

As we accepted our breakup, there.

Don't worry

It'll be okay

Do note that this isn't the only time where I told Turbo where the love thing with me and him isn't going to work out, as I first told him that back in July, the second time in the same month, and the third time back in August.

Btw, the thing that I said about Itsumi aka Blue (the co-owner of Metal Sonic Apparition) being the better person for Turbo, I don't stand by it anymore. Because not only at that time, Itsumi's 18, but also, even though it's just only a one year age gap, it's still weird for an 18 year old to be in a relationship with a 17 year old.

On Break 07/07/2023 3:20 PM

Oh

Don't be uncomfortable.

Let's move on and continue with our love, okay?

I seen a lot of fake documents
They just do it for attention.

TurboTH_Official 10/10/2023 10:11 AM
And that's what they did to me.

Osse-san 10/10/2023 10:11 AM
Yep then it's fake.

TurboTH_Official 10/10/2023 10:11 AM
They talk about my past.
They keep telling people to block me
EVEN it was moved on.

Osse-san 10/10/2023 10:11 AM
Oh.

TurboTH_Official 10/10/2023 10:11 AM
Yes, THEY ALL FAKED MY FEELINGS.
THEY WANT ME FEEL LIKE THEY WANT ME
USELESS.

Osse-san 10/10/2023 10:11 AM
Huh.
Fake document then.

Clearly, even my therapist said that the people are just doing the nonsense to draw attention.

That means 3 things.

Only 3

But I'll have to remind you that it also has to be between us only.

Number 1 - Mr Tucann pulled a slayer card and acted like smart and draw attention to few people(not implying to you, but I know who he drew attention from)

While it is clear that he himself is responsible for not knowing about my autism, and trauma issues.

If Itsumi's Message along with Tucann's video who was made to fake my own behavior(While in their perspective, I never was hostile, nor went after them) Tucann clearly will need to take down the video or to try his best to quit playing Chess.

So that resembles that the video made by him is false.

Even the controversy, excluding the January.

So yeah

Sayo 07/08/2023 4:13 AM

The part from January was made around that time

That's what we should conclude from.
Jk in what term I said Chess?
King treats pawns
Or
Horse treats a hunter.
Quiet simple
Check and mate.
So that's what you need to know about Tucann's video
That's not enough.
Because Itsumi's message
So yea
There'll be nothing to stop me now, nyeheh.

Sayo 07/08/2023 4:17 AM
Hmm, maybe, Idk, but that's just me. Then again, I'm too naive and too nice. I'm willing to believe anything if there's any evidence behind it, and if I hear from both sides, which I did

Itsumi's part takes down Tucann's part.
Check and mate.
Draw King and get your black hunter out of table.

And there was only one opponent who I lost from.
But at least I've learned a lesson.

In the shadow of my mistakes

I see you standing there,

Tears in your eyes, heart heavy with despair.

I never meant to hurt you, but I lost my way,

Now I'm singing this song, hoping for a brighter day.

*Now I'm singing this song, hoping for a brighter day.
I'm sorry for the pain I caused, the tears that fall like rain
I'll mend your heart, ease your hurt, and ease your every pain.
With every note, with every word, I'll try to make things right,
Let this song be my confession, my guiding light.*

continues playing piano only

*Your smile was my sunshine, your laughter was my song,
But I let my actions lead us down the wrong.*

*I'll hold you close, wipe away those tears,
Through this melody, I'll calm your fears.*

In every chord, in every rhyme,

I promise to change, to give you my time.

*Together we'll heal, like a melody's flow,
Our love will grow stronger, as the winds of change blow.*

In this heartfelt tune, I bare my soul to you,

Hoping our love will find a way to break through.

*Forgiveness and healing, we'll find a new start,
Wrapped in this song, forever in our hearts.*

proceeds finishing playing piano

My babe, I hope the song I shared conveys the depth of my regret and the earnestness of my apology. Your tears pain me, and I'm committed to making amends. Please give me a chance to heal the hurt I've caused and to prove my love for you.

At November 22nd, this is where I decided to come out with Turbo that I just about had it and revealed that the whole relationship thing with us was all fake, and I revealed that I was never comfortable with it, let alone, I never had real feelings towards him.

TurboTH_Official 11/22/2023 11:30 PM

So we are still in private love?

Before I even give you a space, I have to say some last words.

But if that's fine for you.

Angel Sentoki 11/22/2023 11:31 PM

Idk, I'm having second thoughts about this love thing; I'm 26, you're 17. I'm not risking that

TurboTH_Official 11/22/2023 11:32 PM

But you said as long as we keep it between us.

We did nothing sexual, let's be fair

Angel Sentoki 11/22/2023 11:32 PM

I know, I'm just starting to feel uncomfortable about it

TurboTH_Official 11/22/2023 11:33 PM

Angel Sentoki 11/22/2023 11:33 PM

It's not

TurboTH_Official 11/22/2023 11:33 PM

I also am uncomfortable when people lie in my face.

I don't say you do that.

But please, if we choose to cut our love privately

All the plans, those gifts I gaved you

will fade

Angel Sentoki 11/22/2023 11:35 PM

I feel like it's all just to get me to love you, I feel like it was manipulating me for that

Angel Sentoki 11/22/2023 11:59 PM

Ok

TurboTH_Official 11/22/2023 11:59 PM

Checking on me to see if I am fine.
That's what I do to my people
Until then I am out.

And that's all the screencaps covered to show that Turbo have manipulated me to be in a relationship with him, let alone, believe his claims. Since then and the November incident that I caused, which I deeply regret, I put myself offline for most of my afternoon time and my late time from social media to not only limit my time off from it, but also to hide from him, knowing that he'll continue his "love" towards me.

But even then and despite me muting him, he still tries to contact me, as I'm still being forced to answer his questions when he is feeling concerned about me. Part of me wants to make it stop and ghost him, but there's also part of me that doesn't want him to take any more reckless actions than he already did.

Definitely goes to show right there that around the time Turbo and I were in contact with each other, he cares a lot about me. In fact, he cares too much, especially to the point where he tries to butt in my business and situations I'm in that have nothing to do with him. I was afraid that if he gets involved, he'll try to defend me over something I get called out on, which is something I really do not want. Especially if it's behind my back.

Turbo doesn't respect anyone's boundaries

There's even points where he refused to leave me alone when I needed personal space.

Especially when at one point, I couldn't have the time to chat with him because I was on my vacation at Cancun. As a result, I blocked him temporarily, and this is what he went into from his bio on August 17th, 2023. He went into faking depression, perhaps suicide on him, just because I wanted personal space from him.

Note: The last screenshot of Turbo's bio from August 17th was gathered by Tucann from his second video on Turbo. The download to the folder containing the footage is where I got the screenshot from. Note that this isn't the only time where Turbo tries to fake depression and suicide to gain sympathy when people call him out. Go look at Tucann's videos on him for more info.

This is why I don't feel like I'm worthy for you and why I'm planning on leaving the MSA team after 3.0 and leaving the exe community. Your attitude is already too out of hand, and it gets even worse when you continue to react to it when I've been telling you multiple times to ignore it, but moments later, you refuse to listen and even bring it up to the public. Not now, but after your vacation.

As Rain told me before, and he was right at this that from mistakes that I make, I also learn from them and get well to not commit them again.

But as it did affected our relationship, I know this will be difficult.

I promise you my love

I will be better

And I will do everything for you

I just wanted to share that I really love you

I really am horrible BF... Please come back to me... (edited)

I can understand that Turbo wanted to talk to me, but here's the thing. He can't just rely on talking to me forever, especially with checking up on me every now and then. All of us have a thing called a life. Besides, he has other people with him, right? He can just talk to them if he's feeling lonely.

I know you're gonna ask, why didn't I cut Turbo off at that time? That's the thing I didn't think about doing, especially after seeing from both sides in regards to Turbo's actions. I know it's no excuse, and plus, he stated that it wasn't me who hurt him, but rather, he stated that he was feeling down because of "family issues".

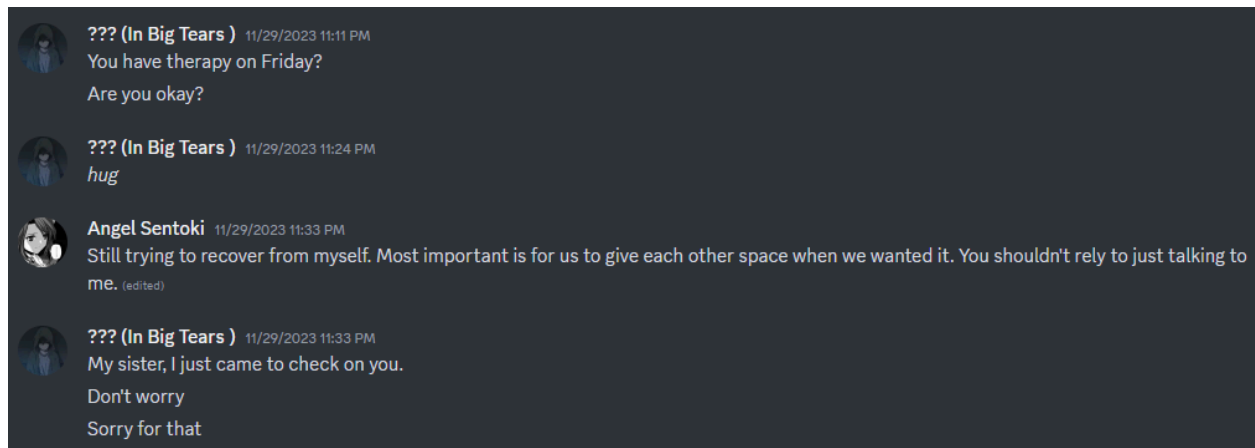

The fact that this all happened to me, it has been breaking me down to the point where deep down, not only it has been giving me nightmares, but I also feel like I want to commit suicide.

Luckily, I haven't because of my thoughts of how my friends and family will react to it.

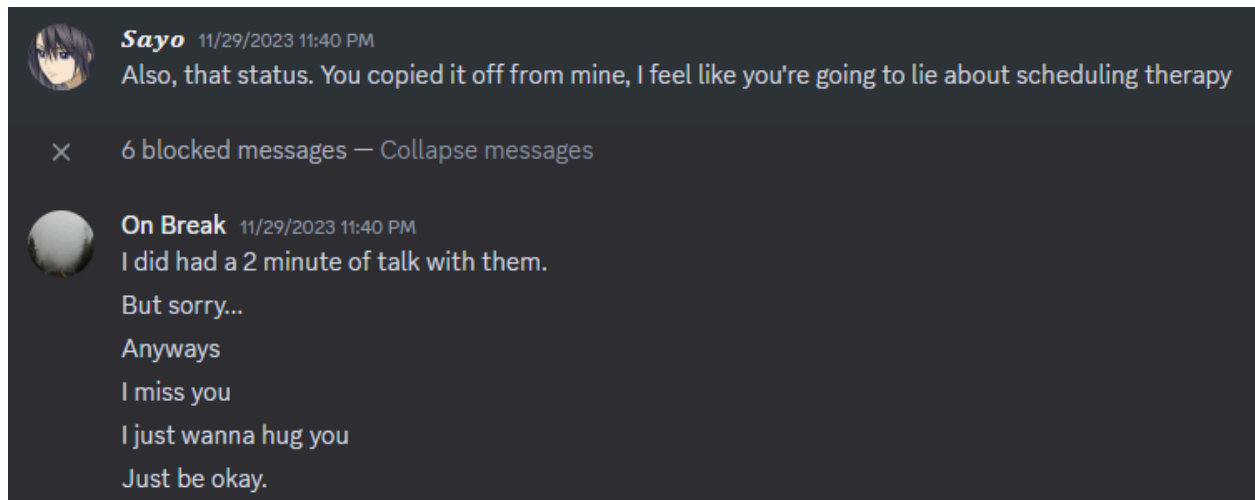

Throughout the majority of 2023, Turbo has been refusing to leave me alone and invading my privacy to show that he cares for me, especially when I'm at my worst and don't feel like myself.

That, along with my repressed emotions from the November incident I caused (which btw, isn't related to Turbo, nor the friend group he and I'm in, but it's a long story. If you want info, you can ask me and/or go watch Doodletones' video entitled: The SCC's Communication Problem <https://www.youtube.com/watch?v=LemPqTD7mjl>) is the main reason why I planned a therapy session for the very first time, to not only help me calm down from all this, but also to help me feel more confident about myself. (Though for the most part, it worked on helping me calm down)

But even with my planning of my therapy session, Turbo continues to show his overcare towards me and invading my privacy, despite me still wanting space from him.

Also, that point where I called him out on copying my Discord status on scheduling therapy (which was around that time at November 29th 2023, I couldn't be able to get the screencap of Turbo's Discord status where it copied mine), he said to me that he had a 2 minute talk with a therapist. Like, who talks with a therapist for 2 minutes? Last I checked, therapy sessions last for at least an hour.

Turbo's Claims, etc.

For anyone who wants more info about what Turbo did, not just manipulating me to gain his trust and love him, then go check out other videos on him. Keep in mind that there's some stuff out there that's already outdated as I wrote this.

Along with that are the previous threads (and the doc on Turbo, which was a backup and btw, is where Unknown User's video on Turbo got most of the info from) of other things he was called out on. Hell, even the founder of Indiemakers Team, EnglYuiil has called him out since she's no longer friends with him.

<https://docs.google.com/document/d/1NREOUBIDKT93RijyG2Ap-w4pw8RqM8T3ck5JKIXVC0Q/edit>

Update: It was revealed that since March 22nd 2024, SGH was revealed to be a Zionist and racist. As a result, he's removed from the SOH Recoded team. I'll still be keeping his posts about Turbo, but I wanted to give this warning to anyone who's familiar with him. The day after, SGH apologized about it, but the damage is already done. Here's the drive to the screenshots revealing all this.

https://drive.google.com/drive/u/0/folders/1c8FiAE0_13jmdK5n1JFLvEnE81QTG3Ya

And before you say that "It's old news, leave him alone", you could say that, but given his track record of lying and manipulation, even refusing to let go of the past that he denies of doing and targeting anyone who's a former friend of his, it's clear that he hasn't learned a god damn thing from what people said to him, especially through them.

And Turbo being a predator, I did not realize that he truly is one until not too long before I cut ties with him, I saw the Twitter thread (the one from @nomoreturbo, which I gave out the link to) where he's revealed to groom someone when he was 16. And from his video during the whole HXR group situation with him (which I honestly refuse to watch at first because of the drama until after I found out on what Turbo really is), he claimed that he was hacked into doing it, which I find it hard to believe. And even if it's true that someone hacked him into doing this, Turbo brought this all to himself by falling for the bait that caused his account to get hacked.

I know it's very late for that, but looking at the screenshots from the thread, along with looking back at my past conversations with Turbo and videos on him has given me a wake up call to something. I realized that Turbo is really a toxic being, that I need to stop being in contact with him, and that cutting ties with him is a start to helping me learn that I shouldn't associate with someone who's a groomer anymore, let alone, sympathize with them.

I know there's some of you who might think of this as damage control, and for that, I understand. But if I have to choose between staying in contact with Turbo after finding out that he's a predator or cutting ties with him, the latter is a better option.

If you want the video, here's the link. But keep in mind, CW for mentions of grooming and harassment (and possibly suicide/self-harm), and also yelling and shouting, especially through the third quarter where he yells at Kseniya Chan for calling him out on his BS (Btw, the old comment of mine that was brought up in there, I don't stand by it anymore)

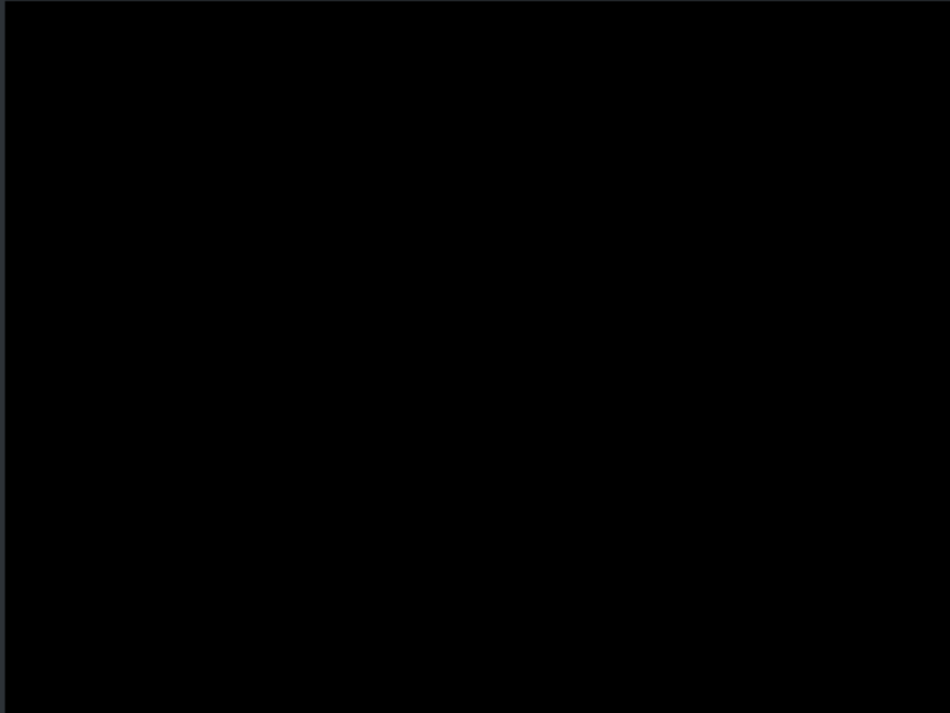

<https://www.youtube.com/watch?v=QWaHRHGyalQ>

I'm sure those from the exe community remember the NoMorePico231 account, which you said that Turbo made. While we discuss about SGH being a groomer, Turbo claims that someone by the name of NitroGenerationZ was the one who made the account. (Once again, the part I

censored is another teaser for his game, which is now already implemented since the 2.0 release. For context, it's Knuckles' idle after losing his arm)

And the Sonic.exe VoD Team account, who you also said was him. Turbo claimed that account is his brother, Thunder. It was proved that this account knows that I'm "Turbo's girlfriend" when neither I, nor Turbo said anything to him about it the last time I spoke to that account. I couldn't get the evidence because the account is now gone and I already removed messages from that account since the last time I spoke to it before blocking it.

Angel Sentoki 10/03/2023 4:33 PM

The person running it knows, and that is one of the reasons why I no longer trust him anymore

TurboTH_Official 10/03/2023 4:34 PM

I know who it is.

I know everything

As I was too late to tell you.

Because on September 26th

I fainted

I was taken to the hospital

My family called the ambulance

And they took me

to the hospital

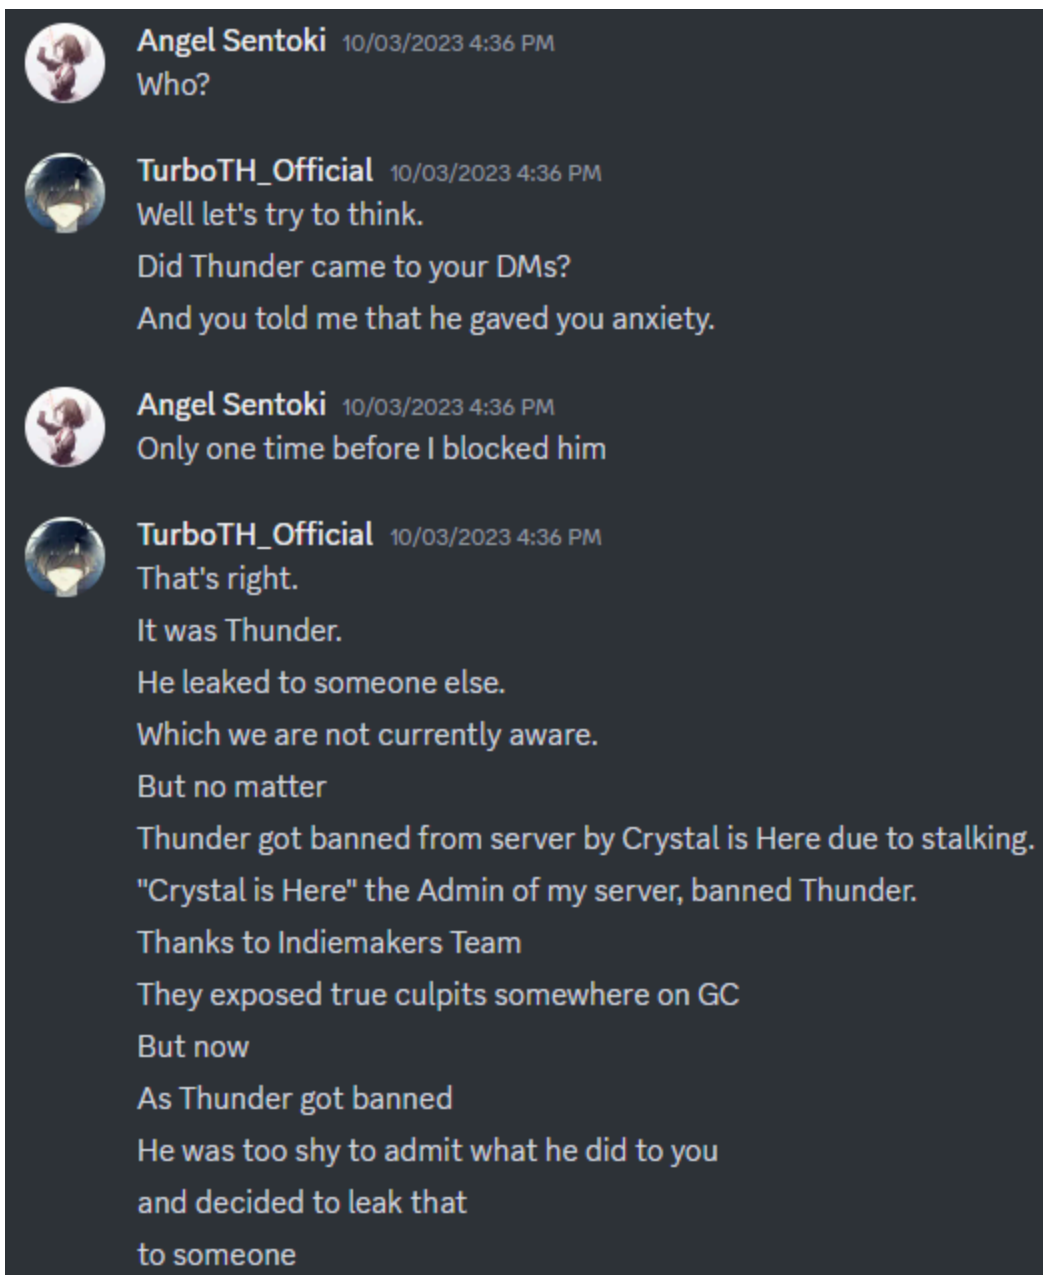

So Sentoki my babe

I know the true culprit who knows.

I was diving for the answers

In order to protect you, and even my peep.

And guess who was it?

The Real End of our Relationship

Last but not least, at December 3rd 2023, this is where I just about had it with Turbo constantly bothering me and after finally mustering up my courage, I completely cut ties with him, not long with him giving me his last messages before I blocked him for good. And this time, it's a permanent block.

TurboTH_Official 12/03/2023 3:02 PM

Ay my sis.

hugs

Are you okay?

TurboTH_Official 12/03/2023 11:02 PM

Uh..

Good Morning

Are you okay...?

I am here to talk.

TurboTH_Official 12/03/2023 11:26 PM

Geez, you've been typing something for long, looks like you wanted to tell me something.
Please take your time.

Angel Sentoki Yesterday at 11:39 PM

I can't do this anymore. I give up. I've been quiet about this for too long. You, a minor, have been grooming me into a relationship. For months, I've been hesitating on being open about this. Hell, I've planned this after I leave the MSA Team once the 3.0 build gets done, but after what I have to go through, I wanted to get this off from my chest in hopes to move on and be a better person, not only from you, but also this crazy controversy involving you.

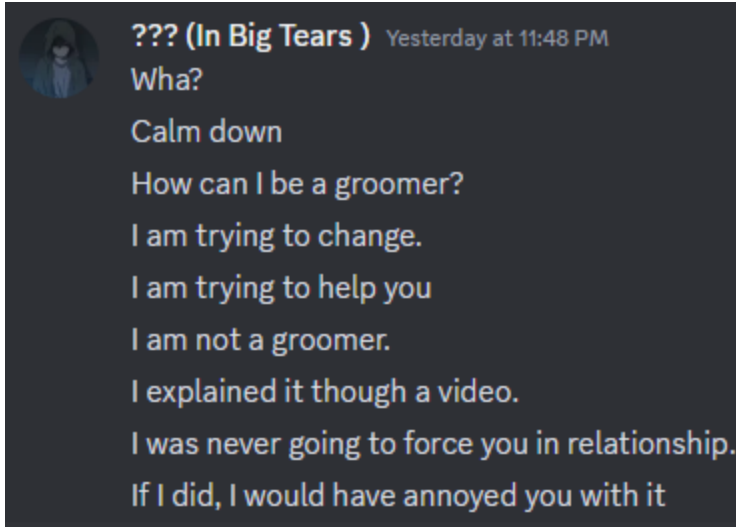

Even though you put us back to being siblings, I feel like you're going to force me to get back to a relationship with you again, especially when you'll become 18 at Christmas Eve. And not to mention even refusing to leave me alone when I needed personal space, everyone's right about you not respecting their boundaries. Granted, we never did anything sexual with each other, but you still forced me into doing something I never wanted to do. And I have to endure this, FOR NEARLY A YEAR

Given your track record, it's clear that you refuse to listen to what people told you. I thought that I'll understand the pain you're going through, that you'll be a better person from your past mistakes, and that your game has potential. (which that, along with Metal Sonic being the one who's possessed are the reasons why I voted MSA for the community votings from Luigikid EXE Challenge 2) But after months of me trying to help you and improve from your past mistakes, I can confirm that you haven't changed at all since last year.

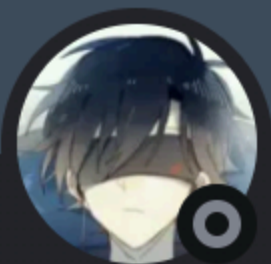

I don't care if anyone who still supports you has to say about this, nor any action you try to make, but I don't want to associate with anyone who's a groomer anymore. I only joined the MSA team as a co-owner, beta tester, and VA just to help fix the game from being a plagiarism to The Power Star Archives and come up with ideas to make stuff in there more different while still retaining inspiration from that series. Tell the other members that I'm now leaving for good.

As much as I wanted to address all this out loud, with me being seen as a groomer defender, there's no point, as it's already a double standard for me that. After all this gaslighting, manipulation, and grooming I have to go through from you, I can confirm that you're a lost cause, and you wasted all your chances to the point where I just want to say, I'm done.

As much as I'm still looking forward to the 3.0 release, once it's out, it will be my farewell to you, the game, and the trilogy as of whole. With that being said, consider this GOODBYE. And to quote Shadow from Sonic Forces, don't show your pathetic face around me ever again.

Other than that, that's pretty much all I wanted to say about this matter, but that's not the end of it. After I blocked him on Discord and Gamejolt, he demoted me out of the MSA team and tried to reach out to me on Twitter (which is @TurboTH_Real) and begged me back, to which, I also blocked him there after sending him my last message to him.

Metal Sonic Apparition: Official Game

Welp, Co-Owner of the game has been demoted for some personal reasons, please don't discuss about this matter on the comments, nor in my shouts.

You've been demoted Sentoki. MSA Team Members are disappointed that you have attempted to leak our own convos and our past, as I told you to keep it private.

I know you had panic attack, but people wanted to help you, you hurted them by disrespecting their help on you, space is not enough, SPACE IS NOT ENOUGH for you, I always been there to talk to you... but you refused to I comfort you.

I'll give you one decision, as I won't cause any harm, please do reconsider about what you said about MSA Team, even me, was unacceptable and apologize when you recover. If you do feel sorry, we will talk about it on Discord DMs, as blocking me was completely unnecessary, and falsely-call me a groomer, yk I am a minor, who is 17? You're adult and I can't blame you. Just please retract all your BS Nonsense you said about us, and accept responsibility of what you said caused a serious-insult! If you do want to come back in MSA, or talk to me simply to I help you, then talk to me on Discord, STOP THINKING bad about me, I am friendly and kind to everyone. You did helped me out, and those hate I got from you is completely biased, this is not you, Sentoki... Sentoki who I knew was helping me out and judging the idea who I give, PLEASE DO RECONSIDER of what you said, CHANCES can be given if people learn from mistakes, doesn't give you full right to harass me like that...

Until then, If you are feeling sorry for what you said to me, MSA Team as well, you can talk to me on DMs, and we together will work to get rid of this panic attack, blocking me won't solve anything, only civil conversation will. So be respectful and decide what's decision.

Signing,
TurboTH - MSA Director

P.S: Apologize to me and MSA Team unless you recover from the damage people caused it to you, and we'll sort this on Discord.

This has to stop, with your biased nonsense.

Reconsider what you said.

I need you back Sentoki... please seriously reconsider, I CAN'T DO WHOLE MSA ALONE, with my musicians and spriters, You meant to lot of us members of game... As Co-Owner, we need you.

7:52 AM

We need you back to we finish on game for good, not betraying us by showing harassment.

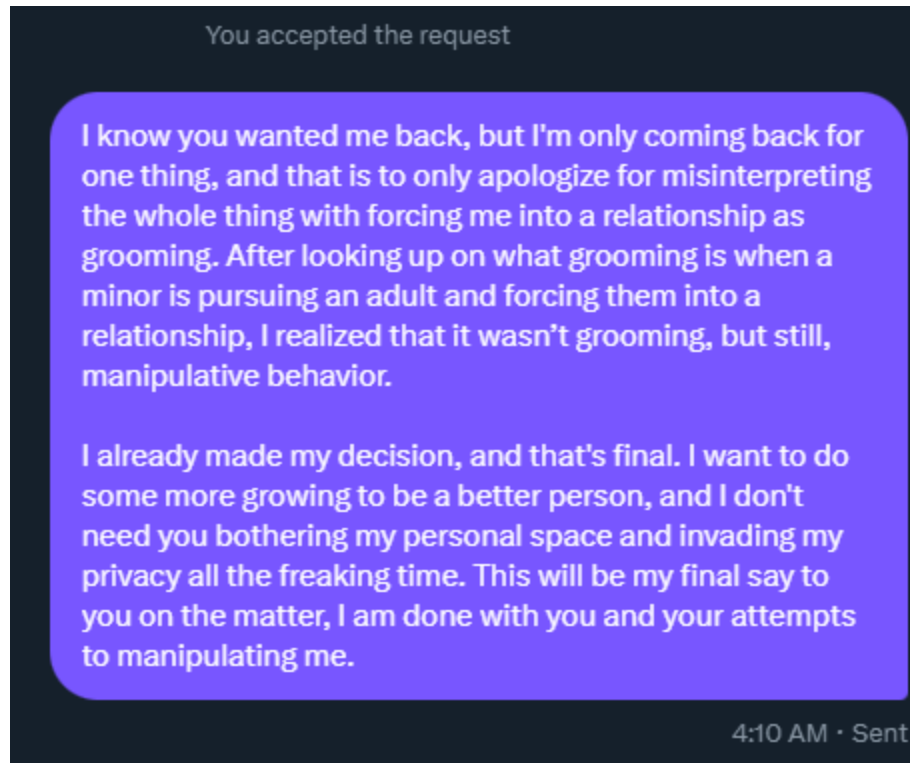

This is not a gaslight, but a reminder to reconsider of what you said.

7:53 AM

When you said: "And to quote Shadow from Sonic Forces, don't show your pathetic face around me ever again," honestly, not just that did hurt me, but you showed impudence.

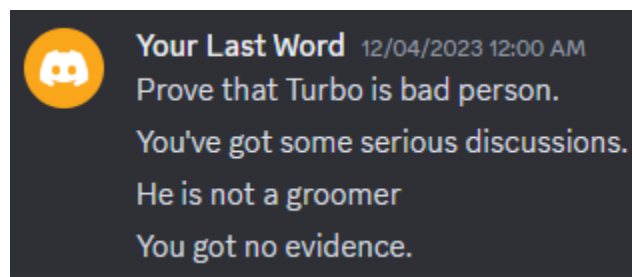

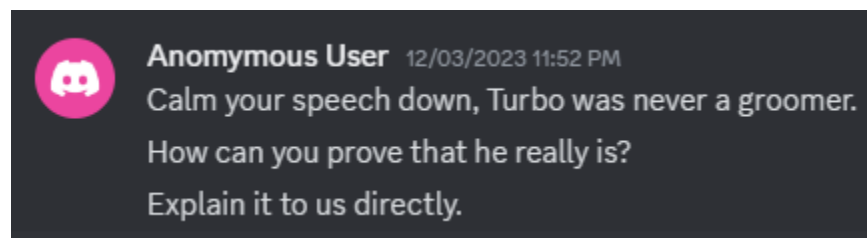

It was very offensive.

7:56 AM

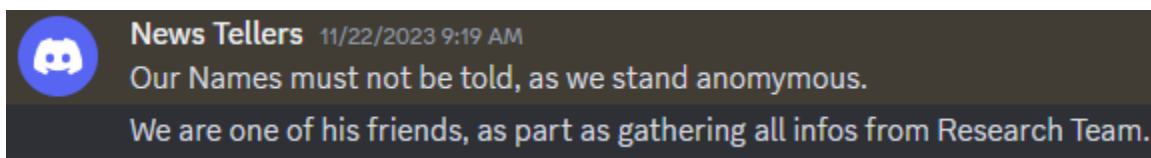

Btw, all that stuff that happened, I thought that it was grooming at first, but after looking up on what grooming is when a minor is pursuing an adult and forcing them into a relationship, I realized that it wasn't grooming, but still, manipulative behavior.

Before that message of mine, it was not too long before I got messages from those two people, who are in SMG4's Discord server like Turbo. Chances are they could be Turbo's alt accounts or whiteknights of his. It was around that time where I wasn't in the right state of mind and misinterpreted the whole thing as grooming.

Yes, they are right that I had no evidence of Turbo being a “groomer” over his actions towards me, and I admit, I fucked up on that; however, they still defended him over me cutting ties with him. As a result, not only did I blocked these two people and the “News Tellers” account who is said to be one of Turbo’s friends, as part of gathering info from his Research Team, but I also left SMG4’s server to get away from this pain.

And before you ask, yes, I am aware that anyone else who still supports him has to say about this, along with any more actions Turbo tries to make and/or any false allegations he made on me for this. It’s just him blaming his problems to everyone calling him out instead of admitting that what he did is wrong.

This is what I get from both Turbo and perhaps either an alt account of his or one of his whiteknights, just because I cut ties with him and broke free from his manipulating acts. But alas, I’m not gonna bother with them, since that account from the screenshots aside the first one here blocked me. (Before you ask, yes, I blocked that account back, knowing that I don’t want him bothering me and continuing to play all whiteknight at me over everything I do.)

I heard you've been targetting other people before my own was beaten up hardly, they may be minors, at the age of 15-17, but harassing me puts the whole end on it, also Staffs of My Discord Server even of Metal Sonic Apparition Game, harassing both of me and them, and your friends are committed as serious offense... Mind if you explain why, you as adult, going after the people, who may be minors, and you are yet stalking their own past which some of them may seem immature, and refuse help from people?

You're in trouble, sweet duck.

You committed a offense, a SERIOUS offense.

You made him post this

Others know what you did, you have only one last chance to apologize to him, or your stupidity will come to an end.

Others suffered, and you stalked them.

HOW DARE you feel that way?

How did we know, Is also none of your knowledge.

c: You are defeated, Angel Sentoki.

Surrender yourself, and accept the criteria of apologizing to Turbo, and his staff members.

Stalking Turbo is a SERIOUS offence, a crime.

"Give me a space" Game Over.

You are the MAIN lost cause

Turbo tried civilly to talk

Yet you done a bad move

That's very rude of you

We should have known that you will change, yet you didn't.

You're given a chance to apologize to TurboTH and MSA Team Members / most of them are staffs of his server.

Btw, this “harassing” thing that Turbo claims that I did to him and the MSA team, since when did I even harass them? From my last Discord message to Turbo, I only told him to tell the other members that I’m leaving the team, and through my last messages to him, I’m only telling him that I’m done with him and his acts to manipulate me. Where’s the harassment in that? Simple, there’s none.

Besides, I mean no ill will against anyone in there, nor did I even speak to anyone else in there since after I cut ties with Turbo. It’s just Turbo making me feel uncomfortable that’s giving me the reason on why I left.

I feel like I come off as mean when I said all that, and I never mentioned anything to him about him being a predator as a reason on why I'm cutting ties with him, but I wanted to get it off from my chest in hopes to get him to stop annoying me over everything I do and/or everything that has happened to me. Something else happened with me on the same day I cut ties with Turbo, but it's also stuff that had nothing to do with him. (Again, ask me or watch Doodle's SCC Communication Problem video if you want info) Also, just because I cut ties with Turbo doesn't mean he has to pull out such lies about me, nor turn anyone against me.

Normally, I'm planning to quit the MSA team once V3 of his game, Metal Sonic Apparition is complete to show my proper farewell to the game as a whole. But after what I have to go through, I did it early. I only joined in as a co-owner, beta tester, and "VA of Amy" just to help fix it from being a plagiarism to the analog horror series, "The Power Star Archives" by Greenlight and come up with ideas to make stuff in there more different while still retaining inspiration from that series. Besides, I am no good at doing anything for it, such as coding, music, and spritework.

Fun fact, I was considering on addressing this not too long after I cut ties with Turbo, but back at November 26th 2023, I sympathized with a former friend of mine who's a groomer, without even bothering to speak to the victim first, and not only leaking said conversation to 2 Discord servers

I'm in, one of which the victim was in, but also disrespecting the victim of said groomer afterwards. I'll not be addressing names as they're not people who are in the exe community, nor are they familiar with it or any of the exe fangames, but they are in a different friend circle that I know of. As a result, not only did I end up hurting the victim of said groomer, but I also severely damaged my reputation and left scars that cannot be healed easily. Because of that, unless I do some growing to ensure the same mistake will never happen again, I will definitely put myself in a double standard and be seen as lying and/or as a groomer if I did post this to the public. And with that, I've learned to not only never trust anyone who's a groomer ever again, but also to either hear the victim's perspective and talk to them first before doing the same with the perpetrator, or don't do anything at all. Just cut ties with the groomer and move on. (Will remove if I'm ready to make the doc public)

Anyways, back on topic. Looking back at the conversations, it's obvious that Turbo had lured me in when I've been criticizing him over his actions, to help him not make such a big deal over shit towards him, and all that, and for months, I took the bait when I thought that he'll be a better person from his past mistakes. But in reality, he didn't.

For progress on MSA, he only asked me if he wanted me to help on the project, and since all I can do is beta testing and coming up with ideas to fix the game from being a plagiarism to TPSA, he gave me the role of being the beta tester and co-owner for it. Considering my criticism I have with the early builds of the game, along with everyone else's, and how I want it to improve from all that, I ended up accepting the role, despite my lack of experience with that kind of stuff.

TGO Legend played MSA too
Very lucky.

Your choice

For being a VA for Amy there, Turbo never discussed anything with me about it, nor asked me anything about it. Yet, he mentioned in the description of Metal Sonic Apparition that I'm a co-owner and VA of Amy. Being a puppet to his strings, I believed that claim of his and thought that it'll be referring to the scream for Amy from her gameplay, according to what he said to me about.

On Break 04/13/2023 9:22 PM

On Break 04/13/2023 9:24 PM

Yes indeed.

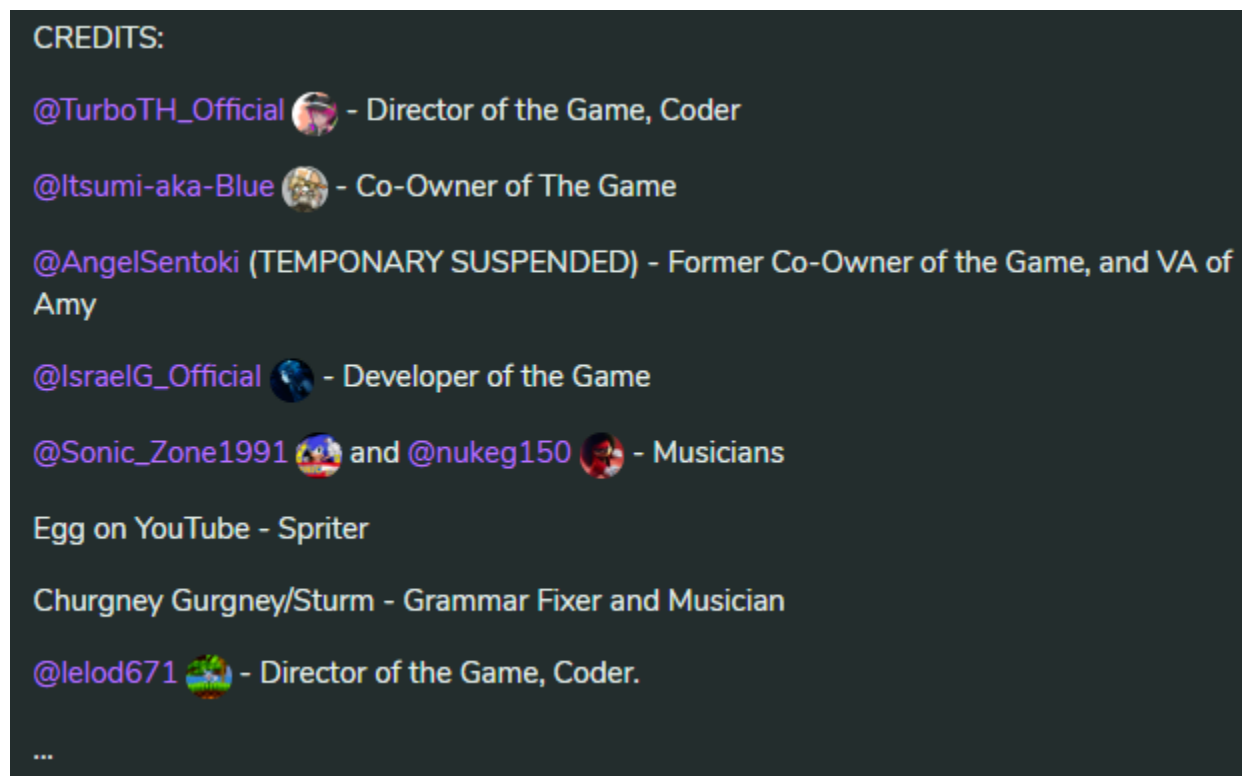

Sayo 04/13/2023 9:24 PM

I see

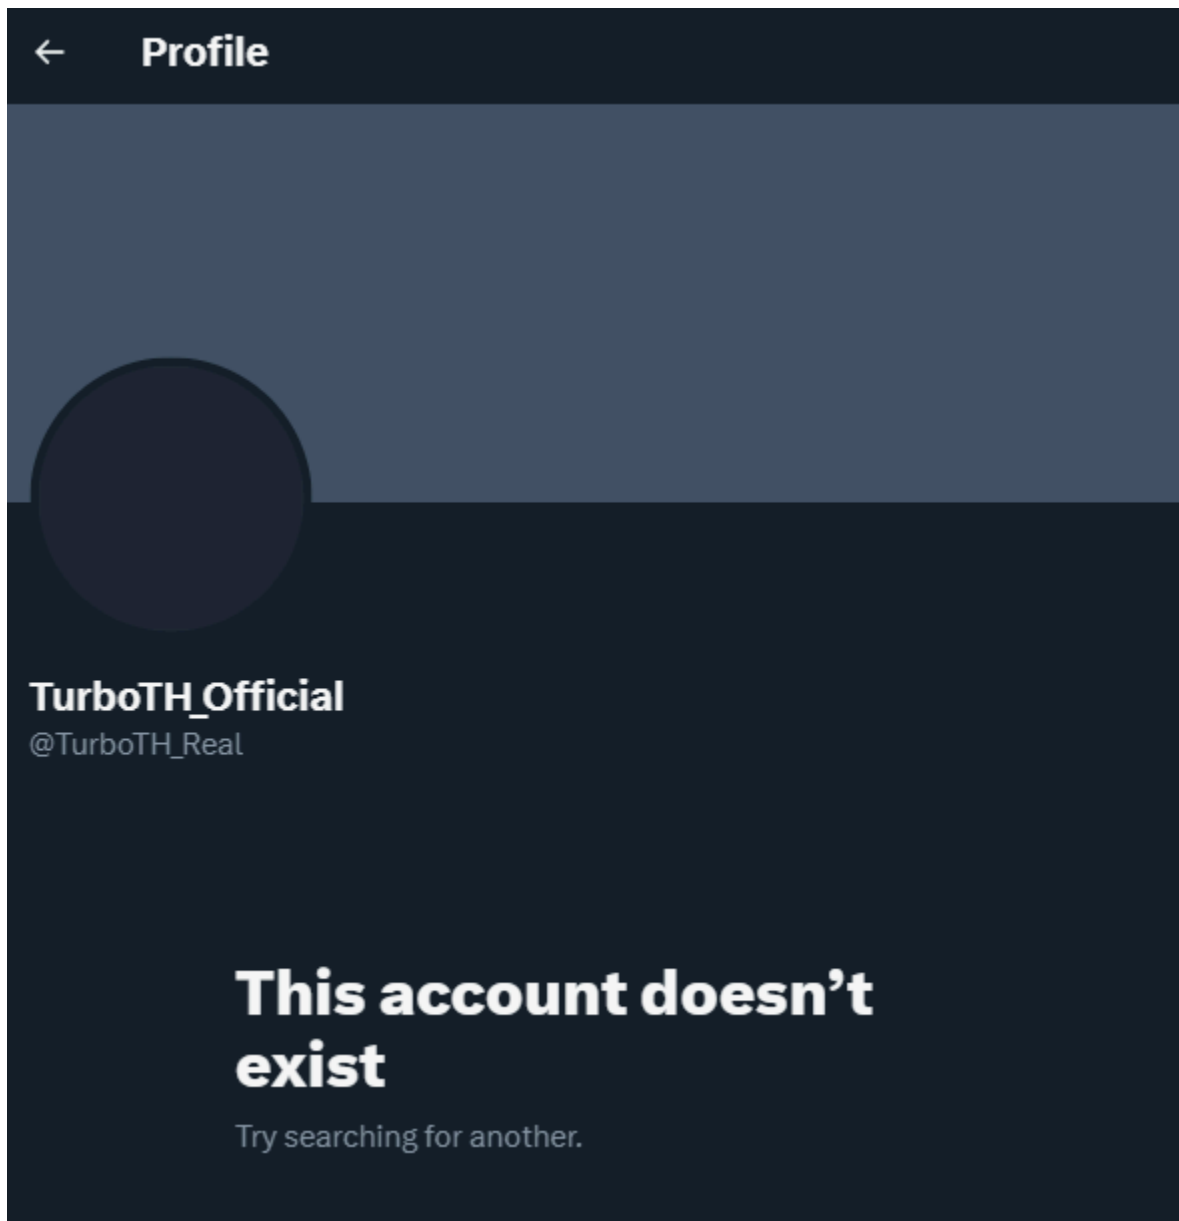

But looking back at it, not only I'm still in the game's credits from the description with my old username when I'm no longer in the MSA team (especially when my recording of Amy's scream that I gave to Turbo was never used in the 3.0 release), but I get the feeling that he also lied about me being a VA for Amy there.

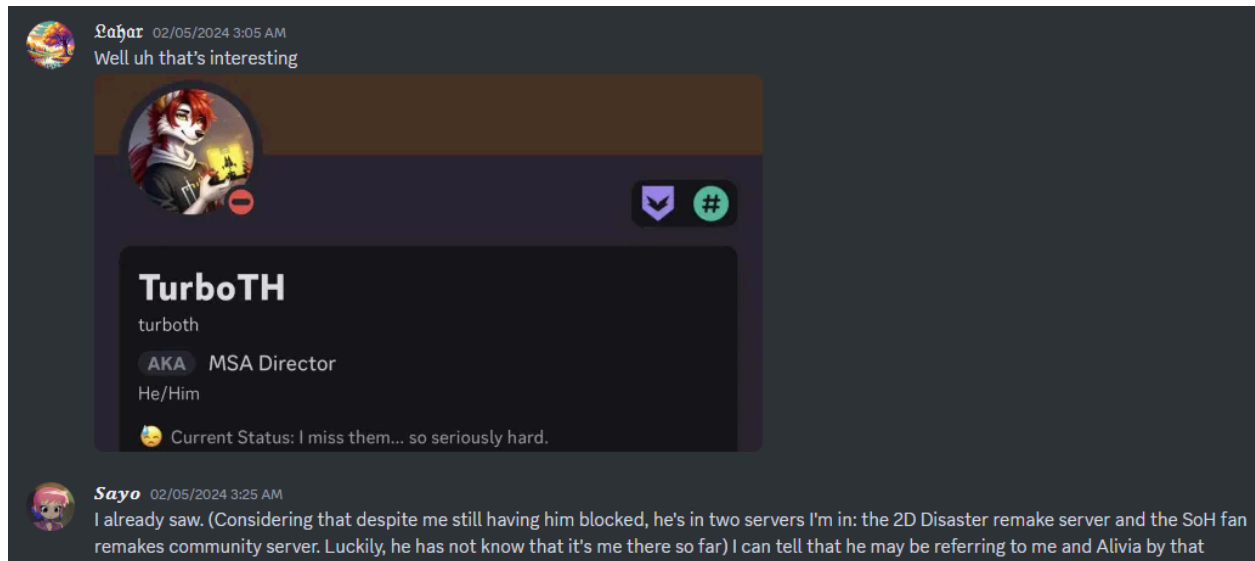

Since I witnessed Turbo's true colors, I can't support him anymore, and I ain't coming back to the MSA team anytime soon. After what he just did to me, and how he made me feel uncomfortable around him, I just wanted to say something. I am done with being a puppet on strings.

As of January 7th 2024 from what I noticed, Turbo has officially deactivated his Twitter account. Before you ask, yes, that was his Twitter from August (if I guessed correctly, none of his tweets from that account are archived) up until that point. If he comes back with another account, let me know so I can block him, unless he attempts to message me yet again, begging me back.

On February 5th 2024, Lahar (the developer of the exe fangame, Deprived Hedgehog 1994) informed me that Turbo changed his Discord status to the screenshot he sent me. The status said "I miss them... so seriously hard."

From what I said about it, I can tell that Turbo may be referring to me and Alivia (Alivia's Archives, the creator of the analog horror series, Sonic CD VHS Tapes. She's also a victim to the incest and engaging thing from Turbo) when he said that he missed them so hard. If that's the case, it goes to show that Turbo refused to let go of both me and Alivia and can't accept the fact that we don't want him back anymore after what he did.

Speaking of Alivia, on February 3rd 2024, I added her on Discord and spoke to her about her experience with Turbo, along with sharing what I went through from him to her. She replied with how he did awful things to her, such as stalking her, the incest thing with her, and forcing himself upon her. I know this is something I should have done before, but at least for now, I was able to communicate with her with the similar thing we've been through from Turbo.

Alivia said she'll provide more info later, but so far, she has not given me anything. I'll update this doc if she provides me more info, that is, once she feels better.

Sayo 02/03/2024 1:59 AM

Hello, I'm not sure if you know me, or at least used to, but in case if you don't, I used to be known as Angel Sentoki. I changed into my new username for personal reasons, one of them is to get away from Turbo, which I'm sure you already know who he is.

Anyways, I hear about what Turbo did to you, about him trying to get engaged in weird actions with you and targeting you nonstop. It's not just you who have to deal with him doing all this, same thing happened to me too, despite me and him knowing our ages days later after he revealed that he had a crush on me. Only except that the sad thing is, throughout 2023, I was manipulated by him to accept it and his claims. Even if I was faking it just to make him happy, I still took bait and did something as morally wrong as this.

Not only it made me feel grossed out looking back at the very long conversations I had with Turbo, especially our "dates", but after finding out that he was a predator and groomed someone when he was 16, I cut ties with him and stopped getting in contact with him since. (I had the full doc providing all the info of what he did to me, which I'll be providing video logs in the future to make it look complete. I'm not yet ready to reveal it to the public because for one, I want to do some growing from it, and I'm afraid that people will see me as a groomer and think that I groomed Turbo, when in reality, Turbo started it, manipulated me to be quiet about it, and is okay with all this, while deep down, I'm the one who's feeling uncomfortable by it)

But what does it have to do with you, you may ask? After hearing that I'm not the only person who Turbo tried to get engaged with, I wanted to talk with you about your experience with Turbo. And if that's okay with you, I'm planning to include it in the doc as a detour to establish that this is a repeated pattern of behavior of Turbo's when it comes to girls he knows

Evlyn 02/03/2024 2:01 AM

he did awful things to me such as stalking, incest and forcing himself upon me
he wouldn't stop latching on to me, he knew i was an easy target and kept trying

i will be able to provide more later today/tomorrow because rn i am in a terrible headspace just know i feel really sorry you also had to go through that and probably alot more than me

Sayo 02/03/2024 2:15 AM

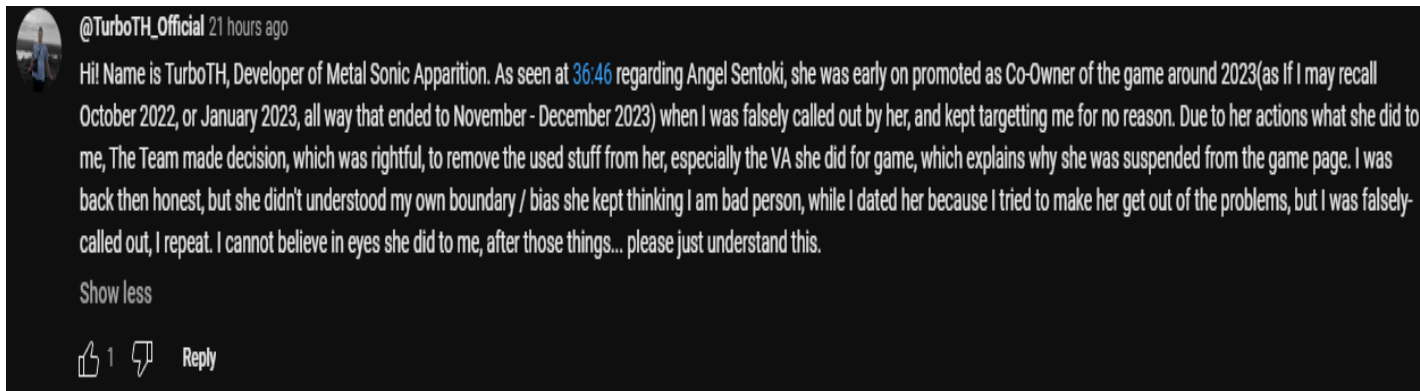

Yikes, that's the same he did to me too. He even isolates me with his "dates" and begs for my attention towards him, especially when I'm in the middle of watching something like an anime or cartoon or playing a game, or even talking to someone else. Definitely goes to show that he's nothing but an attention seeker and preys on girls to give him the attention he wants.

Anyways, I hear from Lahar, who I previously talked to about my experience with Turbo, that Turbo is still at it with targeting you. Idk why, but that definitely goes to show that he never listened to my advice when I've been telling him to stop with the drama with him and you

But anyways, no worries, take your time to make yourself feel better there. So sorry to hear what he did to you. I should have been aware about all this sooner, and I hope that nobody else will have to go through the same situation that we did. (edited)

Aside from Alivia, I don't know if there's any other girl(s) who used to be friends with Turbo who have to deal with the same thing that I've been through. But if anyone knows who, feel free to let me know. Other than that, this goes to show that this is a repeated pattern of Turbo's behavior when it comes to girls he knows.

On March 29 2024, Turbo left this comment on Doodle's SCC Communication Problem video, where he stated that I falsely called him out. Bruh, he should know what he fucking did that made me decide to cut ties with him, but he acts like he doesn't. Also, that's why my scream for Amy wasn't used in the 3.0 release? Geez, that made me feel like I've been doing VA stuff for you for nothing.

Also, he stated that he dated me because he tried to make me get out of my problems? So that means he tried to date Alivia to make her get out of her problems?! I'm sorry, but this has got to be a stupid reason for him to date someone like me. I don't care if the age of consent from Serbia allows him to do this kind of stuff, that doesn't give him a fucking excuse to date someone who's literally 9 years older than him and make himself act like he's the victim, when in reality, he's not. Then again, we'll come back to more about this later.

One more thing. Considering that the majority of those screenshots were taken at different times (sometimes where I have to unblock while Turbo's sleeping for them and block back once I'm done) to gather the evidence that was needed, and for anyone who doesn't believe me, here's also the video logs of each Discord conversation that Turbo and I had that was shown from the screenshots to prove that this is all real.

Along with that is not only the beginning conversations Turbo and I had with each other when we first met each other, along with the drama with him and SGH (it was his old account at that time, which is now deleted) that happened from Luigikid's server, but also my conversations with the "News Tellers" account (Still, be warned of the blurred screenshot from February 23, 2023 that I clicked on to reveal it, and Turbo's claims about SGH from February 2, 2023, considering it's 18+ stuff)

Note: All the Discord video logs with Turbo and his possible alt accounts were recorded in February 2024, while the video logs with Turbo's comment on Doodle's video and the Discord conversations with Lahar and Alivia were recorded in March 31st 2024.

Conclusion

When it comes to my experiences with those who I had love relationships with, I had only two love relationships that I experienced.

The one with my first ex, David aka David the Savior (formerly known as Awsomedave1 and Davidthedemonhcg back in 2011-2012; he's not in the exe community, but in the different friend

circle I'm in), we enjoyed our times together and we had a healthy relationship with each other. If not for him, I wouldn't have grown up and matured to be a better person from my 2011 days, even though I still need some more growing to do as of now. The relationship lasted for 8 years until we broke up because of the distance of where we live and my lack of knowledge with intimacy at that time. But despite that, we're still cool with each other. Although, we don't talk to each other as much as we used to, even my family is still cool with him. But as of now, after I confessed the whole November 26 situation on my Discord server (which is related to the different friend circle my first ex and I'm in), he removed me from Discord and unfollowed me on Twitter, but I assume that means he's disappointed at me for what I did, and we'll be keeping some distance from each other for the time being.

Turbo, on the other hand, when it comes to him being an ex to me, I thought that he was someone that I'll understand the pain he's going through, that he'll take responsibility and learn from his past mistakes, and that his game has potential. (which that, along with Metal Sonic being the one who's possessed are the reasons why I voted MSA for the community votings from Luigikid EXE Challenge 2) But after months of me trying to help him and improve from his past mistakes, I can confirm that he hasn't changed at all since 2022. Granted, we never did anything sexual with each other, but he still forced me into doing something I never wanted to do, isolated me with his "dates", and has been seeking attention with him going into depression mode and faking suicide, even sending out people against those who call him out. And no, this is not anyone telling me about what Turbo just did, I realized that myself after looking back at our past conversations up until our current one, even though it was late.

I've rebranded myself from Angel Sentoki to Sayo Kimetsu because ever since the November incident, looking back at the name brings me nothing but shame and guilt from it and to me, it has been tainted since then, but the main reason of them all for doing this is simply to get away from Turbo after all that has happened to me from him. I've been planning this since December, but I haven't thought of what new name and identity I should go with until early January, where I kept it all private until right around my birthday.

Now, for anyone who's gonna say something like "Oh, Turbo's a minor at that time. He's a victim, you groomed a 17 year old", let me make this clear. Turbo is not a victim, in fact, none of us are considered victims. If you can tell from the messages, yes, Turbo asked for that relationship and has been saying and planning more lovely things for that, even calling me names like "babe", "honey" and all that. I'm also affected by this, yes, but I should have known better than to let something like this happen and tell someone when it did instead of keeping it all silent, even when he told me to. So therefore, both of us are in the wrong here. Turbo is making himself look like a victim to get himself out of trouble and double down on his stupidity that people call him out on.

If there's things I regret on doing in regards to Turbo, it's 1. Staying in contact with him and letting him show his affection towards me while acting like I'm returning it back to him, despite me knowing his issues and the controversy with him, and him being 17 when this all happened, 2. Giving him too many chances when he's bound to continue doing the same mistake that I call

him out on, 3. Being silent about this for nearly a year and not cutting ties with him until early December 2023, 4. Remaining neutral to the situation with Turbo when literally, people who have to deal with him are being targeted by his actions whenever they refuse to do as he says and/or criticize his behavior, and 5. Allowing him in my private Twitter account (which is my vent/partially NSFW account) when he sent me a follower request for it. Keep in mind, that is from his old Twitter account, @TurboTH2023. I couldn't get the evidence because that account was now gone, but still, it happened. So overall, it was definitely irresponsible of me for doing all this.

Now, with that out of the way, does that make me an innocent one? No. In fact, even though Turbo was the perpetrator of all this, manipulated me to be quiet about it, is okay with what we were doing with each other and thinks he can get away with it, and not only targets minors, but also other adults, I know that what I did with the incest and the brother sister thing with him is morally wrong, especially with enabling him doing all this to me. I described it that way because not only I've talked to someone who's a minor at that time and got myself in weird conversations with him, but also, to reference Scott Pilgrim Takes Off, a 26 year old dating a 17 year old is frowned upon by society. And for that, I do want to apologize to everyone who also has to deal with Turbo's BS throughout 2023, for not only allowing him to target them, his former friends, and those who call him out, but also putting them in danger without even realizing it.

The moment I learned about the drama about Turbo that keeps going on, I should have been aware to not accept a relationship with someone who has a temporal ego like him sooner, let alone, someone who's 9 years younger than me, especially if I was forced to do it and with his claims. Not only that, but I also should have been aware to hear more of the victim's side of the story and care more about their safety than what the perpetrator does, especially when Turbo continues to target them behind my back.

According to what Lahar said to me, the next time someone tries to plan a relationship with me and/or tries to online date me, I need to do some research on the person first before accepting or pretending to accept, especially their age. Same with allowing someone in my private account if they send me a follower request to it. I know it's no excuse for my actions, and I'll promise myself to never do it again, especially with being quiet about something like this.

After all this lying and manipulation I have to go through from Turbo, I can confirm that he's a lost cause, and he wasted all his chances to the point where I just want to say, I'm done and I don't want to be in contact with him any more. Ever since I cut contact with him, I've been working hard to do better to not only stay away from people who are confirmed to be a groomer, pedo, etc., but also because nobody else deserves to go through a shitty experience from someone as toxic as him, such as allowing only people who are 18+ in my private account, being more aware and cautious, and all that. Even if Turbo's now an adult, he's still the same when it comes to his behavior.

I'm not saying this to go out and harass or attack him, I don't accept all of this, but if I were you, don't listen to any lies or false allegations that Turbo or any of his alt accounts or whiteknights

try to make. Especially ones directed to me, cause none of those are true. I may have done something that's very wrong and damaged my reputation as a result, but I'll never harass anyone, nor do I condone any harassment.

Therefore, I never want anything to do with him ever again. Because of this, thank god I never consider myself as part of the exe community and stay that way. (Besides, for the most part, I'm just a bystander, despite being a VA for Amy for Sonic.exe Spirits of Hell (both original and Recoded) and Sally.exe Whisper of Soul Remake) All I have to say to Turbo is this, good fucking riddance.
